**Letter of Recommendation: Lee Ridley**

It is my distinct pleasure to offer this letter of recommendation on behalf of Lee Ridley. I know Lee well because I have been her advisor and she has been in several of my classes. Her goal is to secure a position in which she can utilize her writing, design (both print and online) and social media skills. I support her wholeheartedly. She is one of my very best students.

Lee is a concise and lively writer and designer. She is thorough and detailed when checking facts and editing, and is eager to learn and contribute.

Lee is so bright, so full of energy and positive in her outlook, it can be contagious. This disposition is based on a solid foundation of spirit, experience and intellect. Lee is hard working and determined. She seems to handle any assignment with ease. Lee not only has academic talent, but also is well rounded, down to earth and embracing toward others, particularly other students.

Lee relates to faculty, staff and students with confidence, courtesy and openness. She adds to campus life in a very positive way. She is a winner.

You could be so lucky.

Sincerely,

Name: R.S. (Kip) Wotkyns III  
Assistant Professor of Journalism  
Metro State
